# INTRODUCTION

We are a vibrant company dealing in vast range of Bakery ingredients, cake decoration, chocolate decoration, bakery equipment, bakery tools and food packaging. By connecting its unique competence in innovation, product development & distribution, our company gives great sense of fulfillment to bakery & chocolate segment.

A good amount of time is spent on understanding the ever-changing trends in the market based upon which new products are periodically introduced. As a result, we have succeeded in catering a wider set of customers across the globe, thus expanding internationally in a very short period. We thrive to use every effective sales channel to ensure our products rightly meet the existing demand in the market. Based in Indore (M.P) India, we cater vast distribution channel in India & other countries. Company has also opened retail stores with brand “FDS Food Décor Shop” across the India which showcases large retail & institutional range of products from the “House of Bakersville”

We pay prime attention to employee as well as customer satisfaction. Every process involved, right from manufacturing to packaging is carried out using highly sophisticated automated machinery. A quality check is performed at every level of production, thereby ensuring that the finished item meets the set quality criteria. Bakersville has been certified with the ISO 9001:2008 certification for Quality Management System and ISO 22000:2005 certification for Food Safety Management Systems

# Bread Improver Select

Bread Improver Select revolutionizes your baking experience with a meticulously crafted blend, guaranteeing softer, fluffier bread with exceptional texture and flavour.

### Benefits :

- Stronger structure, longer shelf life.
- Expands the volume of the dough without any cracks.
- Stabilizes dough structure.
- Soft bread tissues.
- Improves crumb structure, crust colours.
- Helps in moisture retention.

### Suggested dosage :

0.05% to 0.1% on flour weight (5g to 10g per 10Kg flour)

### Directions to use :

Mix Purix Bread Improver Select with flour & other dry ingredients and follow standard bread making process.

Pack Size 75g/Bottle 1kg/Pouch

## Gluten Plus Bread Improver Bromate-free

## Gluten Pro Bread Improver Bromate-free

We have Gluten Bread Improver Bromate Free Range which is a blend of ingredients that activate the gluten and help produce gas which assists and improves the processes of dough kneading and fermentation. The result is a lighter loaf with better texture and keeping qualities. They are used more often in grain mixes or breads with addition of fruit, seeds or nuts to a loaf to give strength and volume.

Pack Size 1kg/Pouch 25kg/Bag

Pack Size 1kg/Pouch 25kg/Bag

# Calcium Propionate

Safeguard your baked goods naturally with our premium preservative. Extend freshness and shelf life while maintaining the delicious quality of your bread and pastries with Purix Calcium Propionate.

**Category :** 99.1 - Food Additives

**Suggested dosage :** 0.3-0.5% basis in wheat flour is added during the mixing stage.

Purix exhibits a strong effect against common microbial spoilage agents like fungus, molds and ropes and is extensively used for preservation of food and feeds.

Pack Size	75g/Bottle	1kg/Pouch	20kg/Bag
-----------	------------	-----------	----------

## Vital Wheat Gluten

Purix Vital Wheat Gluten improves the texture and elasticity of the bread dough. It is responsible for the stretchiness of dough and for shapes that bake goods hold. It is used for producing doughs, breads, rolls and pastries.

Pack Size	75g/Bottle	500g/Jar	1kg/Pouch	25kg/Bag
-----------	------------	----------	-----------	----------

# Panko

Original Japanese Style Bread Crumbs

Tylose Powder is pretty much the man made version of gum tragacanth and does the same thing. It provides the sugar paste properties that make the paste with binding and structure properties that make the paste last longer.

Pack Size	10g/Bottle	75g/Bottle	500g/lar	1kg/lar	2kg/lar
-----------	------------	------------	----------	---------	---------

## Isomalt

Isomalt is a sugar substitute used in confectionery for creating sugar-free candies and intricate edible decorations. It's low-calorie properties and heat resistance make it ideal for crafting elegant and diabetic-friendly sweets.

Pack Size	125g/Bottle	500g/Jar	1kg/Jar	2kg/Jar
-----------	-------------	----------	---------	---------

The Sweet Lace Powder is fantastic due to its use on fondant cakes and on different artistic edible works in bakery segment. The lace powder is the standard ingredient product for the decoration purpose. This is very simple and exceptional in regular cake designs.

### How to Use

Put in the planetary Foodecor sweet lace powder. Add warm water at 40/45°C. (80g water for 100g sweet lace powder). Spin at medium speed for 2 minutes for a creamy texture. With the help of a scraper place the product on Sweet Lace pad in horizontal direction. Dry at room temp. for 3 hours or in oven at 80°C for 12 or 120°C for 6 min. let it cool and Turn the sweet lace pad upside down on the table and gently remove the decoration with the help of a scraper. **Note :** Sweet Lace can be preserved in plastic bags well closed at room temperature for 30 days.

### Lace Mat

Turn a plain cake into an elegant creation. These simple mat and texture sheets allow you to emboss unique designs and prints directly into your fondant or gum paste.

Pack Size	75g/Bottle	500g/Jar	1kg/Jar
-----------	------------	----------	---------

## Piping Gel Neutral

Piping Gel allows you to use your imagination and creativity, it is easy to add colour to piping gel to write messages and adding decorative details. Also used to stabilise whipped cream.

Recommended Colour : Colourmist Colour Splash.

## Edible Gum

Foodecor Edible Gum is of the highest quality. It is commonly used to add and stick the sugar flowers, figurines and decorative pieces to the cake. Finished pieces will set hard keeping its form and shape.

Professionals

Decorate the confections with our dazzling edible lustrous colours and vibrant colour sprays, bringing a radiant glow to your cakes and chocolates.

## Available Range

- Pearl Spray Colours
- Pearl Powder Spray
- Butter Velvet Spray Colours
- Pearl Powder Colours
- Cooling Spray
- Twin Tip Marking Pen

Give an original pearl or metalized effect to the food with style and elegance to cakes, chocolates, marzipan, fondant, cookies and all kinds of desserts and so much more. Very easy to use and you don't have to wait for spray to dry before moving on to the next task.

### AVAILABLE COLOURS

Pack Size 50ml/Bottle 100ml/Bottle 400ml/Bottle

## Butter Velvet Spray Colours

Introducing Butter Velvet Spray in a delightful array of colours. Adding vibrant hues and a velvety, buttery essence. Perfect for creating visually stunning and flavourful treats, from colourful cookies to beautifully tinted cakes.

### AVAILABLE COLOURS

Pack Size 400ml/Bottle

## Cooling Spray

Chocolate and sugar freeze spray is a specialized confectionery spray for creating chocolate and sugar show pieces. It is used for rapidly cooling down pieces made of chocolate or sugar when doing artistic and difficult designs.

Speed up your setting and emoulding process with this easy to use spray that leaves no residue. It also protects from humidity & lowers surface temperature to below -18°C.

**Mode of application :** Shake well before use and spray product to about 20cm distance from surface.

Pack Size 400ml/Bottle

## Pearl Powder Spray

The new formula features a high concentration of powder with high yield for greater efficiency. Standard aerosol food colouring sprays tend to give off a very subtle finish and can be difficult to apply to specific parts of your cake without touching the surrounding areas.

### AVAILABLE COLOURS

- Black
- Blue
- Copper
- Gold
- Green
- Orange
- Pink
- Ruby
- Silver
- Violet

**Mode of application :** Kindly hold the spray approx. 10-20cm away from the cake and spray in short, gentle bursts - move closer for specific areas.

Pack Size 3g/Bottle 7g/Bottle

## Pearl Powder Colours

Suitable for the colouration of chocolate, white chocolate, creams, sugar pastry, modeling pastry, almond paste, butter and soft ice-cream.

### AVAILABLE COLOURS

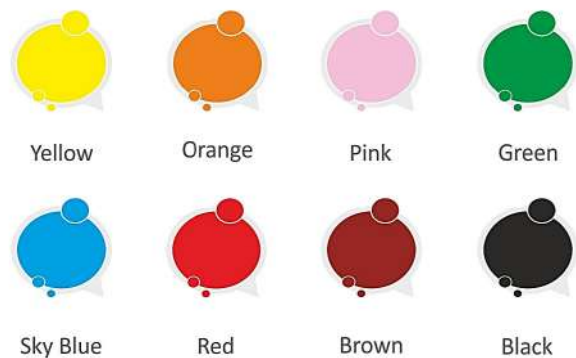

Pack Size 10g/Bottle 25g/Bottle 500g/Jar 1Kit (8 Jar X 2g)

## Twin Tip Marking Pen

The Colour Glo Twin Tip Marking Pen is ideal for a diverse range of uses with a unique fine point nib on one side and a broad nib on the other side.

### AVAILABLE COLOURS

Pack Size 1pc/Pack 8pc/Set 30pcs/Jar

Cake Image is a brand to canvas cakes, create beautiful designs with our edible sheets and Ink.

## Available Range

- **Cake Image Ink**
- **Sugar Sheet**
- **Edible Wafer Sheet**
- **Burn Away Cake Wafer Paper**

# Ink & Edible Sheet

## Cake Image Ink

Cake Image Edible inks are food-grade inks used in special printers to create detailed, edible images for cakes. They ensure safe and vibrant designs on sugar or wafer sheets.

Pack Size 75g/Bottle

## Edible Wafer Sheet

Edible wafer sheets are thin, neutral-tasting sheets used for making delicate decorations and printing images on the cakes and desserts. They dissolve in the mouth without altering the flavour profile of the cake.

Available in

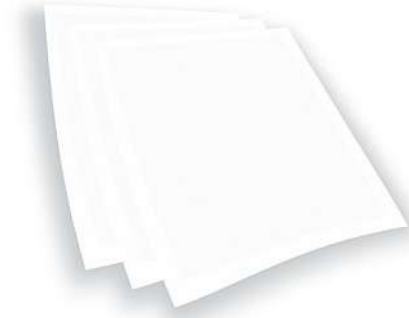

A4  
SIZE

Pack Size  
25 Sheets/Pack

## Sugar Sheet

Sugar sheets are smooth, pliable edible papers made from sugar and cornstarch, ideal for printing high-quality images and creating cake wraps. They add a professional finish to cake decorations.
